3. SOME OF OUR RESCUED PETS YOU HAVE HELPED SAVE WITH YOUR DONATIONS

Dear Supporters,

It's hard to believe that it's spring once again; the season of new beginnings. The flowers are blooming and the earth seems to come to life once more. The kitten season is upon us at its highest level of activity and so many little ones are going to need our help to survive. *We cannot do it alone. We need your support to enable us to save the lives of these poor, innocent little souls.*

The sad reality is that thousands of dogs and cats are found as strays and/or surrendered by their owners every year and end up in shelters facing imminent death. We need your help and support so we can continue our vital work. **Will you help CARE improve the lives of countless homeless animals?** Your support means so much to us and could be the difference between life and death for a helpless animal in need.

Through the years, with your help, we have saved and improved the lives of thousands of homeless cats and dogs. Let's save thousands more - one homeless cat or dog at a time. Your donation will give CARE the support we need to make a difference!

**NEW BUILDINGS UPDATES:** Finally, we are done with all the red tape! Prefabricated buildings are on the way and the concrete foundations are poured. God willing in the next newsletter you will see beautiful pictures of the new buildings standing. **Can we count on you to help CARE realize our dream of new housing?**

Thank you so very much for your generosity and friendship!

Maria Porter -Sanctuary Manager – Secretary-Treasurer

These little sweeties are mom, dad and baby. It is so sad that many people do not spay or neuter their pets. These cuties were relinquished by their owner to CARE. We are so glad we could take them in and they didn't end-up in a kill shelter. These little cuties are ready for a loving home of their own; they are a very bonded trio. Please donate to CARE so we can have the resources to help more innocent souls like these sweet babies from dying in killing shelters. Thank you for all of us at CARE!!!!

Here are some of the beautiful dogs and cats your support has given a second chance at life. Please give today so we can keep the cats and dogs in our sanctuary safe and well cared for, and to save more fur folk lives; their survival depends on us! **Our future, their future, depends on your generosity and kindness!** The animals in this issue and many more at the CARE sanctuary are looking for homes of their own!

These adorable cuties are leukemia positive and best friends. Feline leukemia virus (FeLV) is second only to trauma as the leading cause of death in cats. Even though their time may be short, they deserve to be loved and to have a safe place to live the rest of their lives.

Bruno and his best friend Tommy having a good time. Don't they look so adorable?

Little Shakira and her best friend Button! They love to sleep together! They are so sweet and looking for a forever loving home.

The adorable Sydney is looking for a forever loving home!! Thank you for supporting CARE and helping this beauty to be safe!

Supported entirely by donations from individuals and foundations, CARE maintains a no-kill, cage-free “Home Sweet Home” for 300 plus homeless cats & dogs in a rural area north of Los Angeles. The CARE sanctuary is licensed by the County, proudly earning “A” ratings at every inspection! We are committed to saving the lives of homeless dogs and cats by rescuing at-risk animals, placing adoptable pets in homes of their own, and caring for those awaiting adoption (even those considered “unadoptable”), for the rest of their lives if need be. The CARE sanctuary demonstrates that it is possible to provide a comfortable and loving home for groups of “unwanted” or “surplus” animals who otherwise would have, at best, an uncertain future. By supporting CARE, you are not only helping many wonderful animals, you are also standing up for the idea that animals do matter, and that they deserve loving care!

This 14 years old boy is Roger. Roger was wandering the streets and taken to the city shelter. He was there for a few months and his time was up. Sweet Roger is arthritic, has partial vision and hearing but he still has a lot of love to give and now he has a second chance for a good life. Roger loves his foster mom and loves his soft big bed. Welcome to the CARE family Roger - you are a great boy!! No animal should end up in a kill shelter, especially a senior when they need their human the most.
