### IN THIS ISSUE

- 1 DEAR SUPPORTERS
- 2 NEW ARRIVALS MEET HANDSOME CHARLIE AND BEAUTIFUL CHANEY
- 3 SOME DOGS & CATS AT THE CARE SANCTUARY

Dear Friends:

Autumn normally is one of my favorite seasons, with the cooler air and the beautiful fall colors; it surely warms my heart and soul. Still, it gets very hard to be happy these days with all the sadness in the world. Then I look in the sweet eyes of my senior foster dogs and all the cats and dogs at the CARE sanctuary. I just pick myself up and keep on fighting for the less fortunate, the neglected and abused the ones in need. I pray for all of us to have a safe and loving place to call home!

As animal rescuers, it can be very depressing, heartbreaking and overwhelming when every single day emails pour in from all the city animal shelters - **asking for HELP in pulling animals out or they will be euthanized because they are too full. So heartbreaking because sanctuaries like ours are full, too.** We cannot wait to have our two 3800 square foot new buildings completed!

Unfortunately, we have had to put this project on hold. Right now, we need to use our resources for vet care, medication and food for the dogs and cats in our care. **We are hoping and praying this crisis ends very soon so the buildings can be finished.**

IF YOU CAN, PLEASE HELP TODAY! Any support will be highly appreciated; no amount is too small! We are hoping for better tomorrows for all of us very soon!

Thank you for your friendship and kindness! Stay Safe!

Sweet Pablo in his foster home after his human passed way.

This beautiful girl is Chaney. She was rescued by a staff member who found her running terrified in the desert with a heavy chain and padlock around her neck. She was very underweight, looked, and smelled as if she had been lying in her feces for months. We took her to the vet right way who cut the chain off, and put her on a course of antibiotics. A few weeks later, Chaney was spayed, vaccinated and back to her new home at the Sanctuary. Once at the sanctuary, however, we discovered she suffered from severe separation anxiety. Who can blame her, poor baby? We have her on medication now for her anxiety, with dog friends for companionship and we are giving her lots and lots of love. She is doing much better now and hopefully, she will totally recover when she's sure she is safe and never again will be alone, chained and/or neglected.

Winter cooling down, he sure LOVES water!

Supported entirely by donations from individuals and foundations, CARE maintains a no-kill, cage-free “Home Sweet Home” for 300 plus homeless cats & dogs in a rural area north of Los Angeles. The CARE sanctuary is licensed by the County, proudly earning “A” ratings at every inspection! We are committed to saving the lives of homeless dogs and cats by rescuing at-risk animals, placing adoptable pets in homes of their own, and caring for those awaiting adoption (even those considered “unadoptable”), for the rest of their lives if need be. The CARE sanctuary demonstrates that is possible to provide a comfortable and loving home for groups of “unwanted” or “surplus” animals who otherwise would have, at best, an uncertain future. By supporting CARE, you are not only helping many wonderful animals, you are also standing up for the idea that animals do matter, and that they deserve loving care!
